Summary: Results-driven and self-motivated individual with a strong background in entrepreneurship, problem-solving, and leadership. Proven ability to start and grow a successful business, with a 40% increase in revenue after acquiring Don's Tow Service. Committed to transitioning into a career in coding, with a strong foundation in problem-solving, attention to detail, and continuous learning.

Work Experience:

Owner, Simple Tow Service (2014-2018)

Started and grew a successful tow truck business from scratch, with a 40% increase in revenue after acquiring Don's Tow Service

Demonstrated self-driven attitude and willingness to learn from others, with a strong attention to detail and ability to ask for help when needed

Managed daily operations, including scheduling, dispatching, and customer service

Developed and implemented effective marketing strategies, resulting in a 25% increase in sales

Heavy Recovery Expert, Dales Tow Service (2011-2012)

Operated a 65-ton Heavy Wrecker Tow truck, rollbacks, and a medium-duty wrecker

Demonstrated a strong commitment to safety, with a clean driving record and no workplace accidents in over 10 years

Salesman, Dales Tow Service (2012-2014)

Used an in-person strategy to build relationships with shop owners and offer additional services, resulting in a 25% growth in sales

Heavy Equipment Operator, Christian Excavation (2018-Present)

Operate a front-end track loader, skid steer, and track hoe

Responsible for setting up jobs based on engineering reports, digging holes, and preparing sites for foundation crews

Coordinate with builders, superintendents, foundation company foremen, and engineers to ensure successful project execution

Education:

Full-Stack Coding Bootcamp, Kansas University (2024-2025)

Currently enrolled in a full-stack coding bootcamp, with a focus on web development and software engineering

Developing skills in programming languages, including JavaScript, React, Typescript, Python, and learning about software development methodologies and best practices
